

# Recessed Sconce

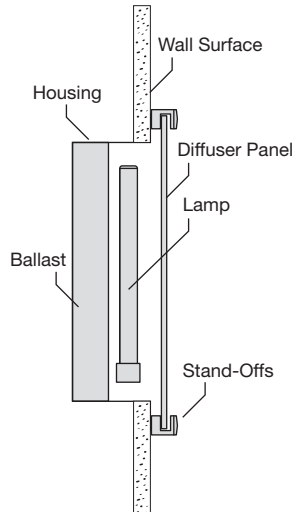

## Square and Rectangular Wall Luminaires

### Metal Frame and Stand-Offs

### Ice Panel

The Ice Recessed Sconce series is a recessed wall luminaire that features Dupont™ Corian® diffusers in 5 different color options, each with color throughout the entire panel reminiscent of a frozen block of color. The sconce uses machined aluminium standoffs to anchor the diffuser to the fixture. The sconces are available natural aluminum or powder coated hardware finishes. Fixtures are available to hold the decorative diffuser panel in three different sizes. Various compact fluorescent lamping options are available. Consult factory for custom options.

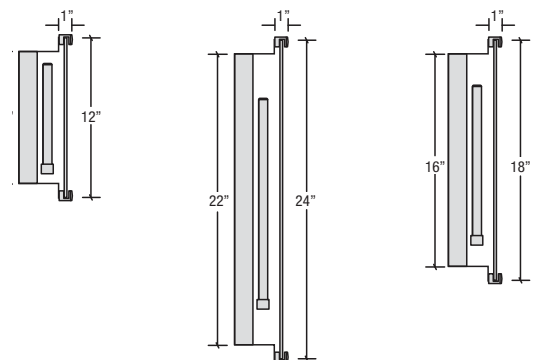

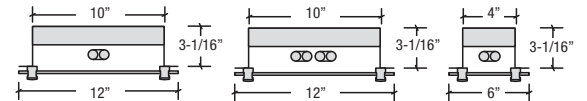

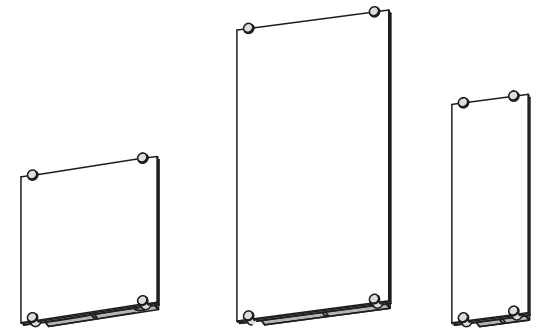

The Ice Recessed Sconce is offered as an 18W, 24W, or 36W BIAx Compact Fluorescent fixture. The compact fluorescent option includes an integral ballast. Emergency ballast (EM) option available upon request.
