

# Bagua Pendant

## Octagonal Pendant

### Metal Frame Stem Suspension

### Palette Panels

The PALETTE BAGUA pendant is a suspended luminaire with an eight-sided metal frame available five different finishes including Anitque Brass, Brushed Nickel, Polished Nickel, Polished Brass, and Satin Brass.

PALETTE BAGUA is part of Feng Shui Lighting's Palette System and features durable resin lens diffuser panels with a colorization process that provides a vibrant colored block saturated with color. Color is tattooed onto an inner layer that's laminated onto a resin panel with a buffed front surface. The result is a block of dimensional color.

The PALETTE BAGUA pendant is offered as a Compact Fluorescent fixture with a GX24q-3 lamp holder for a 26W or 32W lamp. The compact fluorescent option includes an integral ballast.

Three suspension types are offered: stem, white cord or black cord.
