

# Bagua Pendant

## Octagonal Pendant Metal Frame Stem Suspension Plates Paper-In-Glass Panels

The PLATES BAGUA pendant is a suspended luminaire with an eight-sided metal frame with eight flat paper-in-glass panels. It is available in five different finishes including Antique Brass, Brushed Nickel, Polished Nickel, Polished Brass, and Satin Brass.

Handmade paper is encased within laminated glass to create the glass panel. The organic nature of the paper produces this nature-inspired illumination.

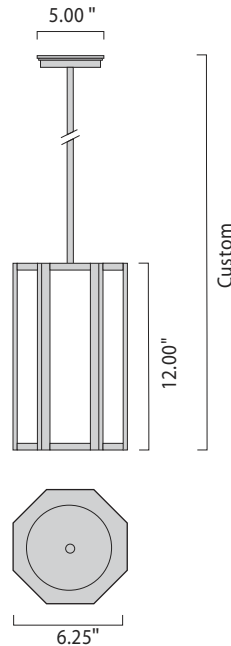

FSL offers 10 standard types of Plates panels.

The PLATES BAGUA pendant is offered as a Compact Fluorescent fixture with a GX24q-3 lamp holder for a 26W or 32W lamp. The compact fluorescent option includes an integral ballast.

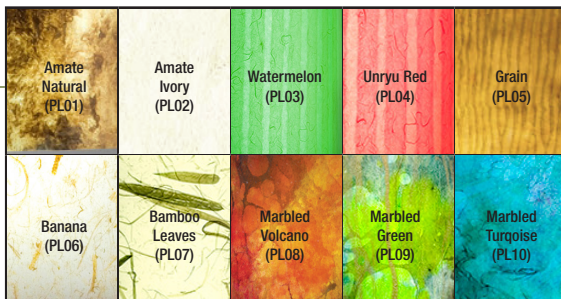

Three suspension types are offered: stem, white cord or black cord.

LED Light Source Available.  
Consult Factory for Details.
